Front End Engineer

Motivated and results-driven Frontend Developer with a year of professional experience, including leadership roles. I am seeking a challenging position where I can apply my expertise in web development, team collaboration, and project management. Strong proficiency in React, TypeScript, JavaScript, Tailwind CSS, and Bootstrap CSS. Proven ability to deliver high-quality solutions in fast-paced environments.

PROFESSIONAL EXPERIENCE

Evonicsoft, Pakistan   **Apr 2024 - Present**
Frontend Developer & Team Lead, Bahawalpur
- Led a team of developers and trained 4 interns and helped them complete their first Html, CSS and Bootstrap tempelate.
- Developed the company's first React and Tailwind templates, setting a standard for future projects.
- Delivered the "Finteezy" template in just 3 days, earning praise from the CEO for efficiency and quality.

All Start Software House   **Aug 2023 - Feb 2024**
Frontend Developer, Bahawalpur
- Developed and optimized front-end solutions for client projects, utilizing React, JavaScript, and Tailwind CSS.
- Worked closely with backend developers and designers to ensure seamless integration and responsive design.

EDUCATION

The Islamia University of Bahawalpur, Pakistan, Bachelor's in Computer Science, (GPA: 3.88)
- Build a Chess Engine Using JAVA & JAVA Swing in 2nd Semester.
- 2 Times Winner Of university Chess Competition.

PROJECTS

Evonicsoft, BraviusAI – AI & Robotics, Link   **Oct 2024 - Nov 2024**
- Developed a responsive and visually engaging web application centered around **AI and robotics** using React, TypeScript, and TailwindCSS.
- Launched Evonicsoft's **first project using TailwindCSS and TypeScript**, establishing a new standard for future frontend projects.
- Authored comprehensive documentation for developers to understand the structure and deployment.

Evonicsoft, PayPath - Fintech & Online Payment Gateway, Link   **Sep 2024 - Oct 2024**
- Designed and developed the company's first React-based payment gateway interface.
- Accepted on ThemeForest, with detailed documentation created to assist future developers and users.

Evonicsoft, Finteezy - Fintech Startup & Digital Wallet, Link   **Jul 2024 - Aug 2024**
- Built in just 3 days using HTML, CSS, and Bootstrap, earning praise from the CEO for speed and efficiency.
- Created a fully responsive and sleek design tailored to fintech startups and digital wallet solutions.
